Adjustment of employee contributions 2027

Dear Sir, dear Madam

Insured members of the Georg Fischer Pension Fund born in 2006 or earlier have the opportunity each year to change their individual savings contributions. You may choose between an Increased, Reduced or Standard plan.

For the year 2027, I choose the following contribution option:

☐ Increased

☐ Standard

☐ Reduced

Without any response from you, your current savings contribution option will remain unchanged. The respective savings contributions are listed in the regulations (A 3 Amount of Contributions) available on our website pk.georgfischer.com.

A personalized offer can also be prepared upon request.
